0 = Nothing.

1 = Half glass of water.

2 = Full glass of water.

3 = Stop / Enough.

4 = Continuity / Success.

5 = Truth.

I. Each number has a ‘volume’ and a ‘meaning’.

II. 0 has volume ‘nothing’ and meaning ‘nothing’; 2 has volume ‘full’ and meaning ‘full glass of water’; 5 has volume ‘full’ and meaning ‘truth’; 6 has volume ‘quarter’ and meaning ‘quarter of each circle’; all the other numbers have volume ‘half’ and meaning of its own.

III. 0; no matter how many are kept side by side, its volume will remain ‘nothing’.

IV. 11; (2 half glass of water), equivalent to ‘Full glass of water’.

V. 22; (2 full glass of water), still ‘Full glass of water’ but water will be overflowed.

VI. Overflowed; can cause the stimulus in the brain in trying to read the pattern to find or make meaning, therefore;

— 221 = Overflowed, half glass of water.

— 222 = Overflowed, enough.

— 223 = Overflowed, stop.

— 224 = Overflowed, continuity or success.

— 225 = Overflowed, truth.

— 226 = Overflowed, quarter of each circle.

— 227 = Overflowed, poor.

— 228 = Overflowed, love.

— 229 = Overflowed, search.

VII. The number that have volume ‘half’;

— 11 = Glass is fully filled.

— 33 = Stop, glass is fully filled.

— 44 = Continuity/Success, glass is fully filled.

— 77 = Poor, glass is fully filled.

— 88 = Love, glass is fully filled.

— 99 = Search, glass is fully filled.

VIII. Quarter of each circle;

— 6 = Quarter.

— 66 = Half.

— 666 = Three full.

— 6666 = Circle full.

IX. Causing ‘Emphasis’;

— 333 = Enough stop.

— 4444 = Continue for success.

— 44445 = Continue, you will succeed!

— 855 = Love, lie.

X. Complex collaboration;

— 6664 = Circle is three full, one to go.

— 4446 5 = You did it, one fourth to go.

— 333 55 = Enough stop, Lie.
